

We cherish what the nature gives to us.

Protecting the earth is our responsibility.

Environment-friendly material is our first choice to produce bathroom furniture. On the basis of this environmental protection principle, we have been strengthening the management of the supply of raw materials.

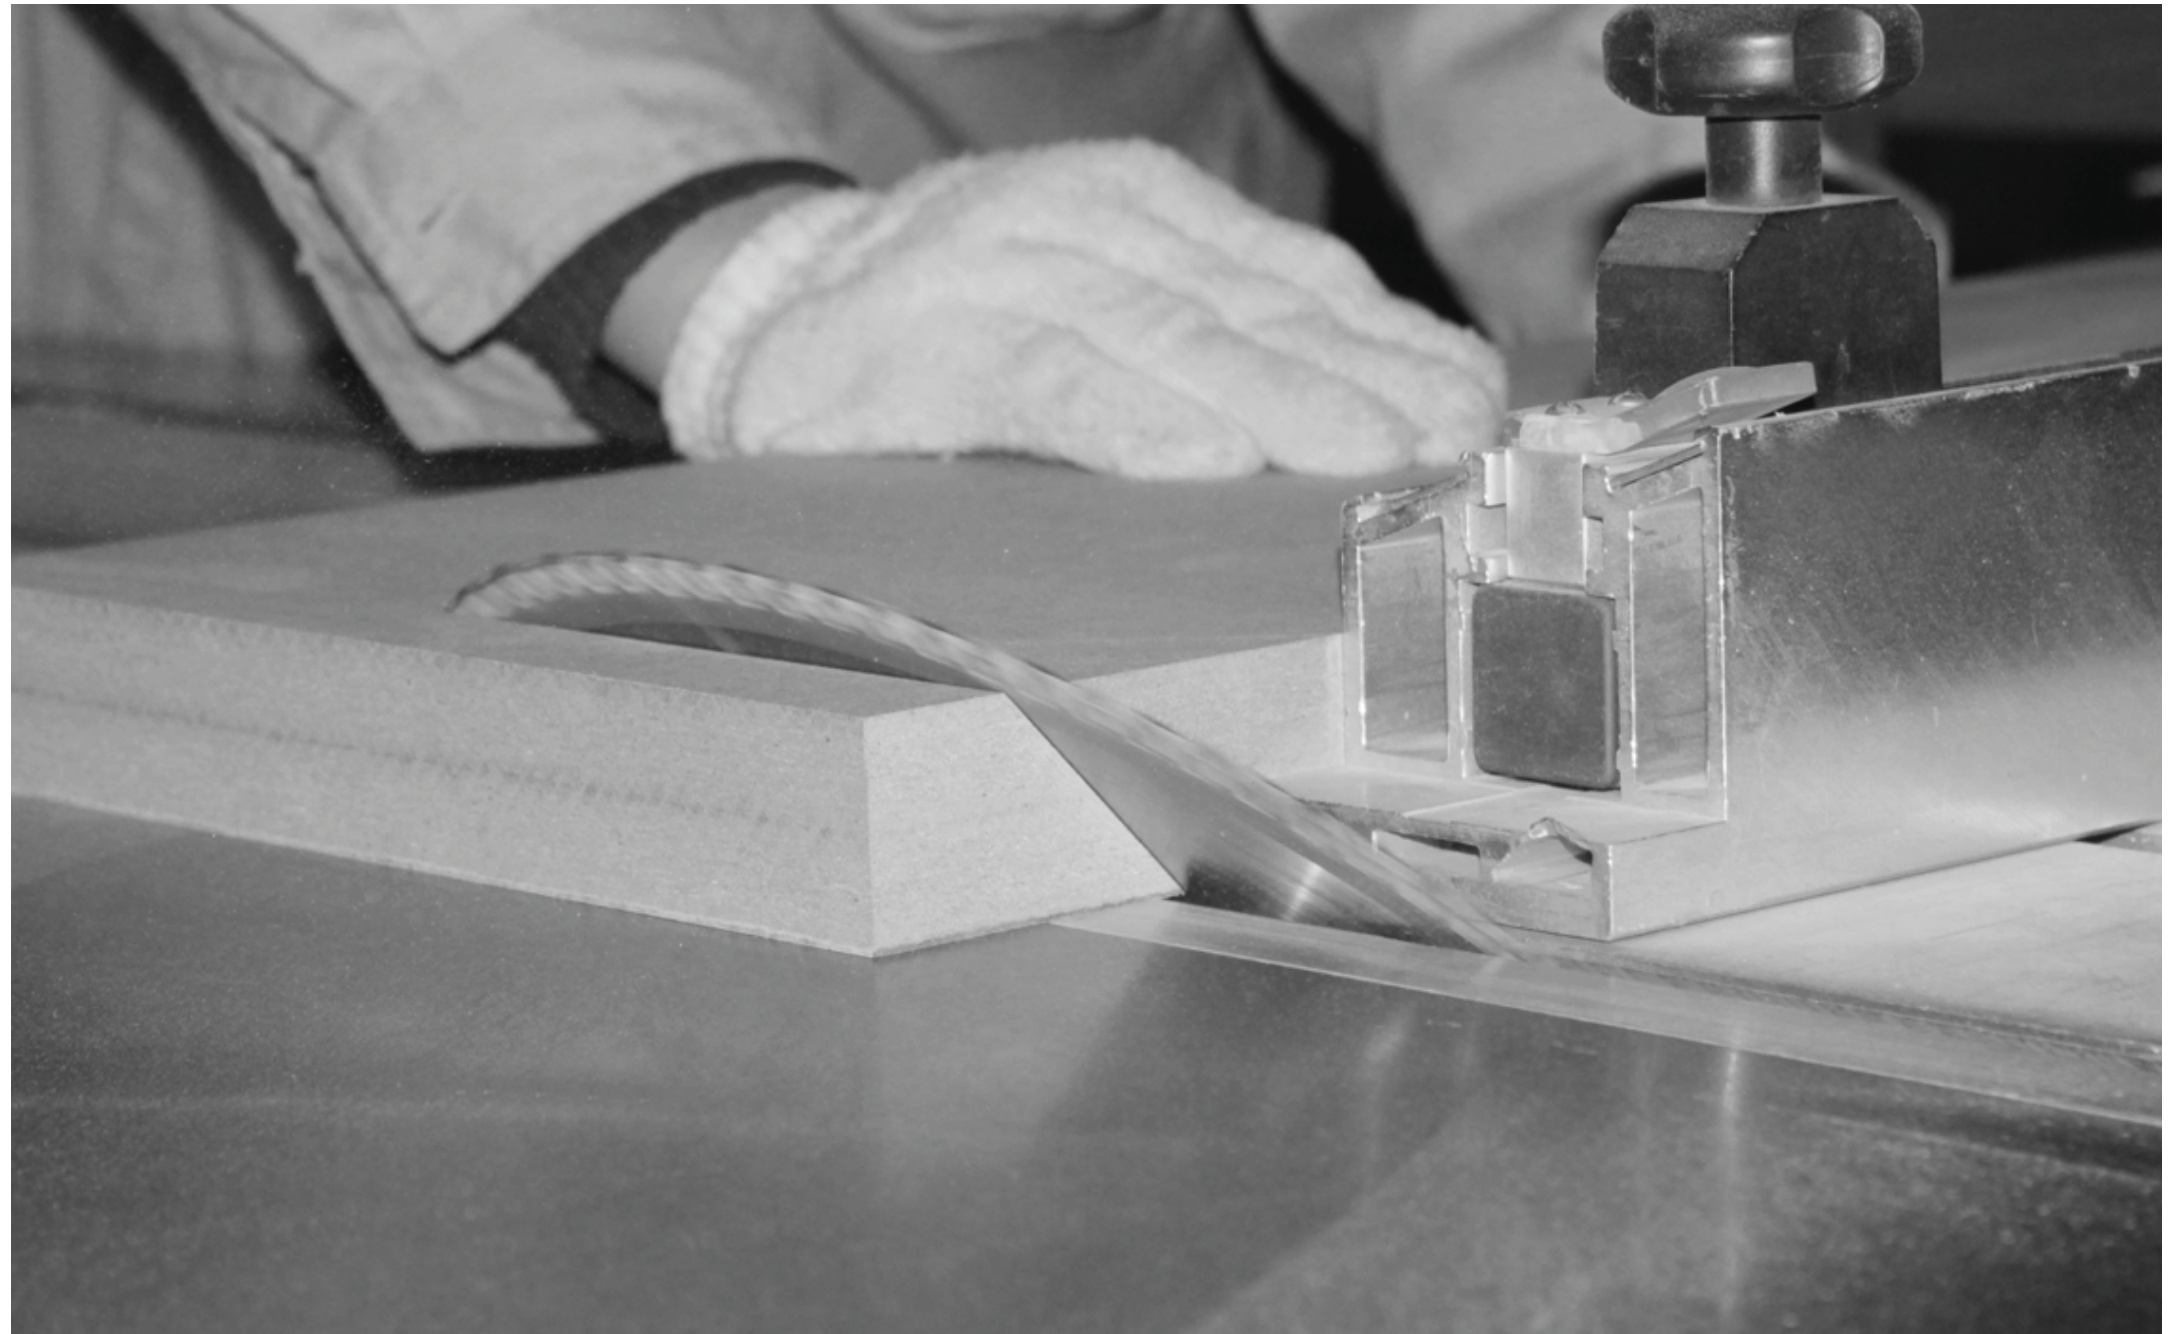

In the production, we strictly control each process to make sure the products being least harmful to the nature and human being.

HOMEBASE

Superb technique and skilled workmanship makes every piece of "Homebase Sansheng" product with perfect performance.

Making every piece of product with heart is our commitment to customers.

We invite you to experience the process of production in our Shanghai factory.

We not only manufacture
as customers' design,
but also design as
customers' thoughts.

Customers' thoughts
has always been the
fount of inspiration
to our design.
